

Electron Wranglers Timeline

| Date | Objective done by |
|----------------|---|
| 10/1 | All intentional research |
| 10/22 | Simulation prototype complete |
| 10/29 | Initial large, working prototype |
| 10/15 or 10/22 | Simulation prototype complete |
| 11/5 | First run testing complete. Begin “shrinking” of circuit |
| 11/12 | PCB layout solidified |
| 11/19 | Complete edits to design and complete initial tests |
| 12/1 | compile a report with initial test results, and other consideration for Textron |
| 4/15 | All multiple small prototypes completed and sent to Textron to compete testing. All package needed will be included |
| 4/29 | Final prototype completed and sent to Textron. All package needed will |

| | |
|--|--|
| | be included. This should be the final product. |
